Sept. 12th 1848.

Dear Sir,

I beg to acknowledge the receipt of your letter of the 31st of July, and that I received from Sir W. Hooker £10⁰ 4/-, which with £7⁰ 3/- paid to me this day by Mr D. Davidson, is the amount (£17⁰ 7/-) for the two sets of Californian plants. Immediately upon receiving your letter I had the parcels forwarded through John Chapman & Co care of James Munroe & Co. Boston, and trust they have reached you before this.

With regard to the price charged for the specimens, I beg to state that it is the same you paid for my Mexican Collection, one shilling in the £, I hope you will not find exorbitant for freight and expenses from Mexico or California ^{to England}, it is the same charge that all my subscribers paid throughout for my collections. With regard to your two sets, the expenses charged for, were nearly all spent in postage and in riding to London

to see Mr Davidson or Mr Chapman, whom I met
several times.

If you should find subscribers for the two remaining
sets (the quality of the specimens being alike in all sets) I can
let you have them for £14., one has 393 and the other
390 species. I also have still one set of my Equatorial
plants, 384 sps, which I can also let you have at £7.

I am returning tomorrow to Germany, to stay there, but
any communications directed to me, care of Mr George
Gordon, Horticultural Gardens, Chiswick, near London, will
be duly attended to.

Trusting to hear from you soon again,

I remain,

Dear Sir

Yours very truly

Theodor Hartweg
